

Hardaway Alumni Association Presents Plaque

On Friday, December 19, 2008, Rem Houser, Jim Railey and Judy Talley attended a Hardaway High School assembly program to present Principal Matt Bell with a plaque from the Alumni Association. The plaque recognized the President's Club donors along with the founding officers and directors of the association.

The President's Club is comprised of alumni or individuals contributing on behalf of alumni, who contributed \$1,000 or more to the association in their first year of operation. The very attractive plaque is solid brass and will be prominently displayed in the hall just outside the main office. Listed below are the President's Club contributors and the Officers and Directors who have worked tirelessly to get the alumni association started:

Jim and Rem both impressed upon the student the important role the alumni association will play in the future of HHS during the presentation. Principal Bell acknowledged the first gift given to the school by the alumni association, \$5,000 for the purchase of a new sound system for the auditorium, which was being used during the presentation. It was also mentioned that Rem was instrumental in getting Mr. and Mrs. Ben Hardaway to donate funds for the Olympic track the school now enjoys. The cost to construct the trace was more than \$500,000. Thank you contributors for helping make donations to the school a reality!
